

**HTC SAVED ME MORE THAN
\$400 A MONTH.**

EVER WONDER WHAT HTC MIGHT SAVE YOU?

"We were paying almost \$500 a month for a T1 line that was sold to us by a competitor. Our HTC rep determined that all we really needed was a high-speed internet line for \$79 a month to send and receive email. Believe me, it was a real eye-opening moment for us. That assessment saved us over \$400 a month. Goodbye competitor, hello HTC."
